Appliqué Instructions	Page 3 - 4		

About this Tutorial

- Includes the pattern and instructions to create a ghost mask.
- Also included are the templates for the spooky face. Add this face to your favorite jumpsuit or t-shirt.
- For my cover outfit I used the “Costume Jumpsuit” pattern.
Sold separately

Doll Model Size

Designed for 18 inch dolls such as American Girl®
With an adjustment at the back of the mask, it can be used for a slightly bigger or smaller doll.

Fabric Guide

- Appliqué fabric – Medium weight woven fabrics - Linen, Cotton, quilter’s cotton.
- Mask fabric – Felt or marine vinyl (Marine Vinyl or Non-fray PVC Vinyl. The one I used is not the see through-type. It has a faux leather look to it.)
- **Fusible Web or Appliqué paper** - Needed for the character appliqués. It bonds two fabrics together. Products you can look for are “Pellon® 805 Wonder-Under®” or “Heat 'n Bond Iron-On Adhesive”.

You Will Need

- Mask Fabric – White marine vinyl OR felt – 2” x 12”
- Face Appliqué – Black Fabric remnants
- Hook-and-Loop Binding – 1”
- Matching Thread
- Marking pen or pencil
- Iron and ironing board
- Fusible Web (for appliqué) - Remnants that are the size of your face appliqués

Printing the Pattern

- Check the scale of your pattern by measuring the 1 inch square.
- Pattern pieces are at the end of the instructions. They are designed to fit on an 8.5” x 11” standard US paper.
- Check the pattern scale. There is no resizing necessary. Print files at 100%, “Scale None”, or “Actual Size”.
- If you are using A4 Paper set and your scale is not correct, set your printer to print “Letter” size.
- Simply cut out the pattern pieces or trace them onto pattern paper.

Appliqué Instructions

1. From black fabric, cut out the appliqué pieces you will need for your character.

Ghost mouth x1
Ghost eyes x2

2. Using the pattern pieces, mark the placement for the face appliqué on the jumpsuit/t-shirt front.

3. Cut one piece of fusible web for each of your appliqué pieces.
4. With the fusible web at the back of each appliqué, fuse them onto the jumpsuit front.

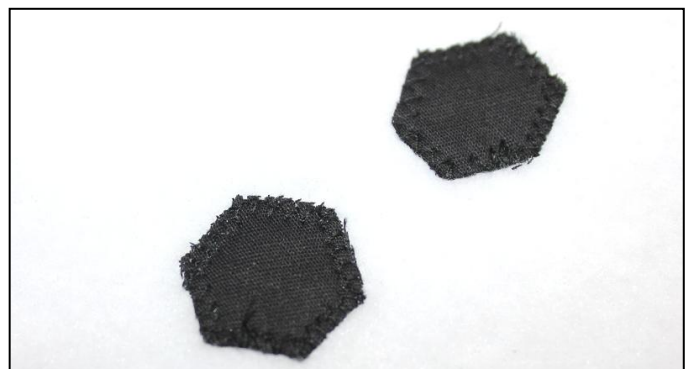

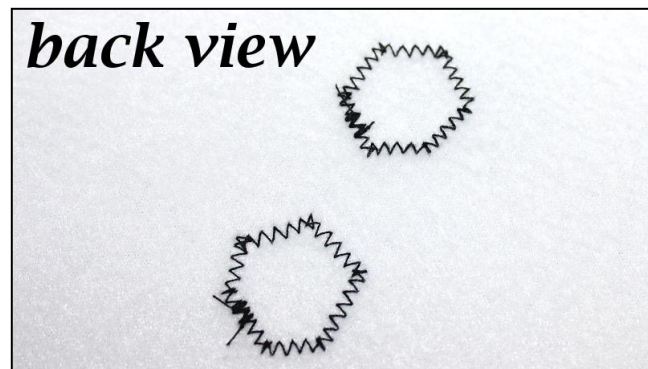

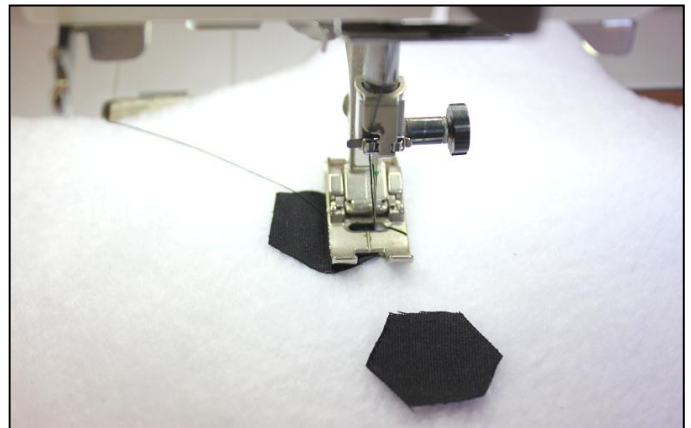

WARNING Note: Fleece: Do not press the bottom of the iron on the fleece. It can damage the fleece. Just use the point of the iron onto the appliqué fabric.

5. Stitch the appliqué down by using a small zig zag and sewing on the edge of the fabric.

Zig Zag Setting I use: Width 3 and Length 1.5

Secure your stitches at the beginning and end. I drop my feeder teeth and sew on one place for 3 stitches to secure them.

6. Continue until you have sewn down all the character appliqués.

Face Instructions

- Mark the placement for your appliqué pieces on the front of a jumpsuit or t-shirt.
- Appliqué a mouth and two eyes down following the appliqué instructions on page 3.
- To complete the mouth, using a narrow zigzag, sew a straight line at each corner of the mouth.

Mask Instructions

1. Using the pattern piece, trace the mask on the BACK of the vinyl. Cut all the way around and also cut out the two holes for the eyes.
2. Cut a half inch of hook-and-loop binding. Sew the smooth side on the outside of the one end of the back of the mask. Sew the hook side on the inside of the other end of the mask. Sew on all four sides of the hook-and-loop.
