Book, Map, Bracelet, Necklace, Flag Pin

South Africa is a very diverse and vibrant country at the Southern most tip of Africa. There are so many unique things about our country and one of the best is that we have so many different cultures all in one country! One of the highlights is the wildlife. We are so fortunate to be able to go drive through game parks where we can see the animals walk and live in the wild. Make a travel and souvenir set for your dolls.
